

Press Release Senn Chemicals AG June 9th, 2017

Management Change

SENN CHEMICALS AG has been providing custom manufacturing services to pharmaceutical, biotechnology, diagnostic and cosmetic companies worldwide since 1963. Founded by Guido Senn in Dielsdorf, Switzerland, our focus is on custom manufacturing of peptides, peptide fragments, amino acid derivatives and small molecules.

Senn Chemicals AG announces the following change in management function:

Daniel Müller PhD, CEO

As of June 1st 2017, Dr. Daniel Müller (58) joined the company as Chief Executive Officer and Head of the Executive Management Team of Senn Chemicals.

Daniel Müller, born in St. Gallen, completed his Master studies and PhD thesis in organic chemistry at ETH Zürich. After Post Doc studies and medicinal research as peptide chemist in San Diego, CA, he occupied various positions in chemical manufacturing, supply chain, project management and pharmaceutical manufacturing within major companies in the Swiss pharmaceutical industry. Before joining Senn Chemicals on June 2017, Daniel led a pharmaceutical manufacturing company in Switzerland.

We thank Thomas Senn, who successfully managed the company ad interim and wish him all the best for his future.
